

COMPANY PROFILE · NEW ZEALAND EDITION

Outsource to Fiji. Scale your team, not your costs.

Dedicated offshore teams for ambitious businesses, recruited, trained and managed by PCS Global from our delivery centre in Suva, Fiji.

WHO WE ARE

NZ-founded. Fiji-powered. Since 2017.

PCS Global (Proficient Customer Solutions) was founded in Auckland in 2017 by Yogesh and Sangita Chand. Today we run a 200+ person team from our purpose-built delivery centre in Suva, Fiji. A managed operation, not a freelancer marketplace.

NZ-founded and NZ-led, started in Auckland and delivered from Suva. Every engagement is overseen by our NZ-based leadership, so accountability sits in your timezone and your business culture.

Fiji sits in the same timezone band as New Zealand (0–1 hour apart), so your offshore team works your full business day, with no overnight handoffs.

English is Fiji's language of business and education, so your customers hear warm, natural conversations, not scripts.

WHAT WE DO

Dedicated teams across three service lines

Customer Service & CX

Inbound support, ticket triage, live chat, retention and customer care across phone, email and chat, in your systems.

Sales, Marketing & Lead Gen

Outbound calling, SDRs, appointment setting, lead qualification and CRM nurture that keeps your pipeline moving.

Back Office, Finance & Admin

Data entry, document processing, bookkeeping, accounts admin, claims processing and the work that eats your day.

ROLES WE PLACE

- Customer service agents
- Sales reps & SDRs
- Appointment setters
- Virtual assistants
- Finance & accounts admin
- Bookkeepers
- Data entry specialists
- Technical support agents
- Insurance claims processors
- Paraplanners
- Property manager assistants
- Custom team builds

HOW IT WORKS

1

Discovery

We map the roles, volumes and systems, then give you a fixed, all-inclusive price.

2

Recruit & train

We hire from our Suva talent pool and train on your processes, tone and tools.

3

Go live in 2–3 weeks

Your first seat is live fast, with NZ-led management wrapped around it.

4

Scale

Add seats as it proves out. Most clients start with one and grow.

Security & compliance, built in

Documented security controls, NDAs and background checks on every engagement. Staff work on PCS-managed hardware with least-privilege access to your systems. Engagements are structured to support your NZ Privacy Act 2020 (IPP 12) obligations.

Two commercial models. You choose.

Employed model

A dedicated employee billed across all employed hours (40 hrs/week) at the lower rate, with statutory entitlements included: annual leave, sick leave, bereavement leave, parental leave and public holidays. Predictable monthly invoice.

Worked-hours model

You're billed only for hours actually worked. Leave never appears on your invoice. PCS carries the entitlement cost, funded by a rate approximately 12% higher. Pay purely for productive output.

TIER	EMPLOYED (NZD)	WORKED HOURS (NZD)	BEST FOR
Tier 1	\$12.50 /hr	\$14.00 /hr	Data entry, document processing, basic admin, repetitive back-office work.
Tier 2	\$14.85 /hr	\$16.65 /hr	Customer support, appointment setting, inbound calls, ticket triage, junior CSR.
Tier 3	\$17.45 /hr	\$19.55 /hr	Mid-level outbound, qualifying, admin-heavy ops, lead nurture, CRM hygiene.
Team Leader	\$19.45 /hr	\$21.80 /hr	Senior sales, complex conversations, specialised industry knowledge, team lead capability.

Rates are all-inclusive: salary, facilities, hardware, HR and day-to-day management. No setup fees, no management fees, no hidden extras.

Month-to-month

No long lock-in contracts

2–3 weeks

First seat live

30-day free replacement

If a team member isn't the right fit
